

Construction of a cycling path along district roads: Kołobrzeg – Korzystno – Przecmino Stages I and II

Gmina Kołobrzeg

Criterion:

low-emission transport

Commune of Kołobrzeg: Under this project, a 6 km cycling path will be built to connect the transfer hub (Park&Ride) by the street of Bałtycka/the intersection with the street of Solna near the Urban Sports and Recreation Centre in Kołobrzeg. Owing to this, a transport route will be created that will offer an alternative access to the town centre for individual car transport and safe trips for the local residents to their places of work, schools and public utility facilities. This project is currently under implementation.

Signing the project co-financing agreement: 8 January 2018

Total value of the project: PLN 6 043 929.80

Co-financing from the European funds: PLN 4 164 371.90

Completion of the investment: December 2018
