Construction and furnishing of the infrastructure facilities of an integrated public transport system, i.e. a multimodal transfer hubs including IT and communication services centre in Gościno

Gmina Gościno
Criterion:
low-emission transport

Commune of Gościno: Under this project, the infrastructure will be built of an integrated public transport system, i.e. a transfer hub in the town of Gościno, a cycling path as well as "Bike and Ride" facilities including “park and go” parking spaces. These will connect the individual streets in the town of Gościno to the transfer hub. Two bus parking places and one minibus parking place will be created at the transfer hub. 5 Bike&Ride facilities will be built in four localities: Gościno, Robuń, Wartkowo and Ząbrowo; 13 “park and go” parking places will be situated in the following localities: Pławęcino, Dargocice, Wartkowo, Robuń, Myślino, Karkowo, Gościno Dwór, Mołtowo, Pobłocie Małe, Jarogniew, Ząbrowo, Ołużna. The transport infrastructure that will be extended in this manner will improve the mobility of the Commune’s residents and will facilitate trips to work, schools, public utility facilities, medical facilities or postal services.

Signing the project co-financing agreement: 3 October 2017
Total value of the project: PLN 4 674 796.26
Co-financing from the European funds: PLN 2 106 689.57
Completion of the investment: April 2019
