Adaptation of the local transport network to the course of S6 Road in the area of the Municipal Commune of Sianów

Gmina Miasto Sianów

Criterion:

local roads

Municipal Commune of Sianów - This project covers the construction of a ca. 2.5 kilometre section of an access road to the S6 Expressway (TEN-T network) in the locality of Sieciemín on the route between Kawno and Sieciemín. The section of the road to be converted will be connected with S6 Expressway through the “Kawno” Node. Connection by road of the locality of Sieciemín from the Commune of Sianów to the course of the S6 Road will ensure an effective transport access; furthermore, this will improve the conditions and safety of traffic. The conversion of this district road will be executed in cooperation with the District of Koszalin.

Signing the project co-financing agreement: 7 February 2018

Total value of the project: PLN 3 051 000

Co-financing from the European funds: PLN 1 405 450

Completion of the investment: December 2018
